

Pan American Round Table of Corpus Christi

2018-2019 Annual Report

My second year as table director went very smoothly, thanks to the contributions of my wonderful board members. I want to thank every one of them for supporting me so wholeheartedly during the past two years. I would not have been successful without you all!

This past year, we were treated to some excellent programming, thanks to the efforts of Michelle Locke, our 1st Associate Director and Program Chair. In September, **Maestro Hector Guzman**, new Director of the Corpus Christi Symphony Orchestra, provided us with an entertaining program, including some lively piano playing. The XXXVI Alliance Convention was held in Cochabamba, Bolivia October 17-21, so our October meeting was held on October 23rd. **Attendees from the Corpus Table** gave a presentation about the Cochabamba conference during the October meeting. In November, **Dr. Erin McComb** spoke about Lieutenant Colonel Olga Custodio and her Quest to Democratize the Sky". In January, a representative of the **Port of Corpus Christi** gave a presentation on the current state of the Port of Corpus Christi and upcoming expansion. February was a new and exciting type of program. We had a tamale making demonstration by **Sandra Vasquez** and associates at the Galvan House in Heritage Park.
