Though You're There

*Though you've gone away now
You're really not that far.
Your life in all its beauty
Remains a shining star.*

*On life's path we're walking
And we are not alone
Flowers of love are strewn along
Reminding of heaven and home.*

*Warming with your presence
We feel you every day.
Peace and joy, sweet melodies
Always mark the way.*

*On life's path we're walking
Where little petals rain
Though you're gone away now
In hearts here you remain.*
