

**Carmen Robinson Guerra**  
**Pan American Woman 2018-2020**

The Pan American Round Table of McAllen was thrilled to learn recently that one of their own, Carmen Robinson Guerra, was awarded Pan American Woman of the Year at the biennial meeting of the International Alliance of Pan American Round Tables held in Cochabamba, Bolivia last October.

In December Carmen was the honoree at an elegant Silver Tea hosted by PART McAllen members and was held at the home of PART member Irma Garza, who welcomed guests from several south Texas tables including State Director Dee Moore and member Ann Beitel from Del Rio. Members enjoyed copious refreshments and mingled among Irma's beautiful Christmas decorations. Guests donated more than \$1500.00 for PART State Scholarships. Don Cardenas provided piano entertainment.

Carmen Guerra has been a very active and valued member of PART-McAllen since 1970. From Director of the McAllen Table she rose through the ranks of the state organization to become Director General of the Alliance. She is a regular and important participant at the Alliance meetings and has consequently visited most of the countries of the western hemisphere. She feels very excited to be so honored by the organization and is very grateful to Mrs. Garza and all the guests for their generosity. "Scholarships", she says, "are a very important part of improving the standards of living and intellectual development of the younger generation."
