

Report to Pan American Round Table of Texas
State Convention Fort Worth, Texas 2019

From
Corresponding Secretary

Greetings! I have been privileged these past two years of being, State Director, Dee Moore's traveling companion. We have traveled thousands of miles through the great state of Texas. I am happy to see my sisters that have come to this convention to connect us with each other outside of our own Tables.

Each Table is unique in how they conduct and enjoy each other and their individual purposes in their areas. The vast differences in the landscape and locations make some ways for conducting business gatherings very different. Supporting community projects and how funds are raised and managed for scholarships also make Tables individual. But in the end, we are all involved in helping women and children. We must learn to respect each Table and be glad they are willing to support the Pan American Movement.

We have enjoyed the renewal of friendships, knowledge and understanding of the Pan American purpose.

Thanks to all who have afforded Dee and I for your gracious and loving receptions. Our experiences have reinforced our love and belief in the Pan American Round Table organization and the future for at least 100 more years. "One for All and All for One"

With happy and grateful thanks! ann beitel

Please enjoy all we have in Pan American Round Tables and know what works for some does not work for others. Be kind and understanding.

On a lighter side of our travels: Dee and I have decided that we are sisters by a different mother. What was said and mulled over in the car, stays in the car. My having to feel the hard decisions that Dee has had to make, especially when she has had to put on her "big girl panties" were agonizing for me. We have a bond that will be with us forever.

With much love to all. Ann
