

Pan American Round Table of El Paso Report

Pan American Legacy has been the theme for the 98th year of the Pan American Round Table of El Paso. We have brought back some of the old traditions while starting new ones. Three endowed scholarships have now been funded at the University of Texas at El Paso (UTEP) solidifying our impact for generations to come. We have learned about our founder, the two Alliance meetings we have hosted in our border cities (El Paso and Juarez) and multiple State Conventions. We have celebrated a member who was chosen as the Pan American Woman, an honor only 31 others share.

Pan American Day 2018 was celebrated at our Southwest University Park baseball stadium with a moving flag ceremony on the field. It was an honor to welcome guests such as our very own State Director, Dee Moore, the First Lady of Texas, Cecilia Abbott and 2nd Associate Director (Area C) Martha Stumbo. The Pan American Day 2019 celebration will honor our two countries, the United States and Mexico and two gentlemen who did a great deal for El Paso and Ciudad Juarez. We celebrate our 98-year legacy and look to the future as we continue to work to fulfill the objectives of Pan American Round Table.
